For the Real Estate Owner Considering a Step Out of Active Management

Why we are writing

You already know multifamily real estate works. The question is whether you still want to take 3 a.m. calls to make it work.

VisionWise Capital is a private real estate investment firm based in Mission Viejo, California. For 12 years we have done what you have done — buy under-managed multifamily property in coastal Southern California, improve it, hold or sell it for capital appreciation. We offer accredited investors the same returns without the operating burden, through single-asset LLCs you can passively own.

We are looking for one conversation about whether the next step in your real estate life is being a partner instead of an operator. Our Sidecar single-asset LLC product has a $500,000 minimum, an 18-to-24 month cycle, and is 1031-eligible.

Why VisionWise Capital matters to you

- Same asset class, same returns. Our 24-deal portfolio averages a 23.95% levered project return. The deals are exactly the kind of property you already know — 5- to 75-unit coastal SoCal multifamily.
- 1031-eligible. If you are exiting a property, our Sidecar single-asset LLC qualifies as like-kind real property. Your 1031 chain continues; your tax deferral continues.
- No 3 a.m. calls. We carry 56 staff, including a 30-year construction manager and roughly 35 in-house tradesmen. The work that used to be yours is now ours.
- Conservative leverage. Most VWC deals close at 50% LTV. We sized our portfolio to survive cycles, not just to ride them.

How VisionWise Capital operates

We acquire under-managed multifamily property in coastal Southern California — five to seventy-five units, vintage 1940 to 2000 — and improve it to market standard. The playbook is three steps:

- Acquire patiently. We track properties for months at our price, not the seller's. The completeness of our buyer package wins deals where the highest offer does not.
- Modernize in-house. We employ a full-time construction manager with 30 years of experience and roughly 35 in-house tradesmen. The work is not subcontracted to whoever returns the call.

- Move rents to market. Eighteen to twenty-four months later, the property is at market rents and operating at stabilized cap rates. We hold for income or sell for capital appreciation.

Across 24 deals over 12 years, the portfolio has produced 23.95% average levered project returns — including a -33% paper-loss deal we will discuss before any other deal.

Case study one

4921 Charlene Circle — Huntington Beach

Sold · 6 units · Acquired December 2020 · Sold December 2022

> **Headline**
>
> *51.09% levered project return — 24-month cycle*

The sister building to VWC's 4931 Charlene Circle property — literally next door, same building footprint, shared driveway. VWC walked into this deal with a verbatim playbook: same neighborhood, same product, same renovation scope, same property manager. From acquisition to sale, exactly 24 months. Improvements were complete by June 2021 in time for the summer leasing season.

What this deal teaches

When you operate enough Southern California coastal multifamily, sister-property acquisitions become low-risk repeats of work you've already proven. Investors paid for an information advantage, not a market guess.

The numbers

Acquisition	$2,090,000 ($348K/unit)
CapEx	$173,950
Total cost	$2,513,350
Loan	$1,365,000 (54% LTV)
Sale price	$3,100,000 ($517K/unit)
Realized profit	$586,650
Levered return	51.09%

Case study two

374 Cypress Drive — Laguna Beach (Cypress Garden Apartments)

Stabilized · 10 units · Acquired September 2020

> **Headline**
>
> *Estimated 72.30% levered project return*

A 10-unit "trophy" coastal asset originally built in 1948 — 1,618 feet from Main Beach in Laguna. The acquisition is itself the story: VWC reviewed the property in April 2020 at $1M below the listing price. The team waited four months while the seller resisted. By July, terms had moved to VWC. The deal closed in September 2020 — VWC's first acquisition for Multifamily Fund IV.

What this deal teaches

Patience on entry, not optimism on exit. The broker cited two reasons VWC won the deal: the completeness of the buyer package, and VWC's existing ownership of two other Laguna Beach properties within walking distance. Submarket density compounds.

Our values, briefly

VisionWise Capital is governed by two pairs of values. The first pair — Entrepreneurial, Strategic Thinker, Resolute — describes how we work. The second pair — Faith and Clear Conscience — describes the standard we hold ourselves to.

> *Committed to investors over projects.*

That is not a tagline. It is one of the four enumerated commitments under our Clear Conscience value, and it is what produced the leverage discipline that protected the portfolio through 2022–2024.

Next step

We would welcome a 30-minute phone call. If you are exiting a current property and the 45-day identification clock matters, please tell us in your reply — we will move at the speed your QI needs.

Owning multifamily real estate is one of the best wealth-preservation tools we know of. Owning it actively is one of the most demanding ways to spend your weekends. We can help with the second half of that sentence.

With respect,

Sanford D. Coggins
