For the Self-Directed IRA Investor

Why we are writing

If your IRA cash is sitting at Equity Trust, STRATA, Quest, or Madison earning effectively nothing, we accept SDIRA money on every direct-deal we close.

VisionWise Capital's Direct-deal multifamily offerings accept self-directed IRA capital through every major SDIRA custodian. We have a subscription packet calibrated for SDIRA paperwork, our minimum (\$100,000) fits typical IRA balances, and our 24–30 month hold period aligns with how IRA investors think about time horizons.

If you hold meaningful cash in an SDIRA and are looking to deploy it into a real asset, we want a 30-minute phone call. We will walk you and your custodian through the subscription process step by step.

Why VisionWise Capital matters to you

- We accept all major SDIRA custodians. Equity Trust, STRATA, Quest, Madison, Directed IRA, Entrust, Pacific Premier, Kingdom Trust.
- Subscription packet ready for IRA paperwork. Most sponsors hand you a packet and wish you luck. We move with your custodian directly.
- \$100,000 minimum fits a typical IRA balance. You don't need to roll multiple accounts to participate.
- We disclose the UBIT/UDFI math up front. On the leveraged portion of any deal, IRA capital has tax considerations. We provide the calculation; your tax advisor confirms.

How VisionWise Capital operates

We acquire under-managed multifamily property in coastal Southern California — five to seventy-five units, vintage 1940 to 2000 — and improve it to market standard. The playbook is three steps:

- Acquire patiently. We track properties for months at our price, not the seller's. The completeness of our buyer package wins deals where the highest offer does not.
- Modernize in-house. We employ a full-time construction manager with 30 years of experience and roughly 35 in-house tradesmen. The work is not subcontracted to whoever returns the call.
- Move rents to market. Eighteen to twenty-four months later, the property is at market rents and operating at stabilized cap rates. We hold for income or sell for capital appreciation.

Across 24 deals over 12 years, the portfolio has produced 23.95% average levered project returns — including a -33% paper-loss deal we will discuss before any other deal.

Case study one

374 Cypress Drive — Laguna Beach (Cypress Garden Apartments)

Stabilized · 10 units · Acquired September 2020

Headline

Estimated 72.30% levered project return

A 10-unit "trophy" coastal asset originally built in 1948 — 1,618 feet from Main Beach in Laguna. The acquisition is itself the story: VWC reviewed the property in April 2020 at \$1M below the listing price. The team waited four months while the seller resisted. By July, terms had moved to VWC. The deal closed in September 2020 — VWC's first acquisition for Multifamily Fund IV.

What this deal teaches

Patience on entry, not optimism on exit. The broker cited two reasons VWC won the deal: the completeness of the buyer package, and VWC's existing ownership of two other Laguna Beach properties within walking distance. Submarket density compounds.

The numbers

Acquisition	\$4,050,000 (\$405K/unit)
CapEx	\$391,749
Total cost	\$5,014,749
Loan	\$2,822,000 (56% LTV)

Estimated market value	\$6,600,000 (\$660K/unit)
Estimated profit	\$1,585,251
Levered return	72.30%

Case study two

4921 Charlene Circle — Huntington Beach

Sold · 6 units · Acquired December 2020 · Sold December 2022

Headline

51.09% levered project return — 24-month cycle

The sister building to VWC's 4931 Charlene Circle property — literally next door, same building footprint, shared driveway. VWC walked into this deal with a verbatim playbook: same neighborhood, same product, same renovation scope, same property manager. From acquisition to sale, exactly 24 months. Improvements were complete by June 2021 in time for the summer leasing season.

What this deal teaches

When you operate enough Southern California coastal multifamily, sister-property acquisitions become low-risk repeats of work you've already proven. Investors paid for an information advantage, not a market guess.

The numbers

Acquisition	\$2,090,000 (\$348K/unit)
CapEx	\$173,950
Total cost	\$2,513,350

Our values, briefly

VisionWise Capital is governed by two pairs of values. The first pair — Entrepreneurial, Strategic Thinker, Resolute — describes how we work. The second pair — Faith and Clear Conscience — describes the standard we hold ourselves to.

Committed to investors over projects.

That is not a tagline. It is one of the four enumerated commitments under our Clear Conscience value, and it is what produced the leverage discipline that protected the portfolio through 2022–2024.

Next step

Please reply with the name of your custodian or call (949) 441-5580. We can have your subscription packet to you within one business day, calibrated for your custodian's process.

Self-directed IRA capital deserves a sponsor that treats the paperwork as part of the deal, not as an afterthought. We have done this enough times to make it routine.

With respect,

Sanford D. Coggins
