

CASE STUDY · SOLD

14523 & 14527 Budlong

Gardena, CA · 12 units · Acquired July 2018 · Sold December 2019

LEVERED RETURN 14.14%	PROFIT \$353,419
--	-----------------------------------

THE OPPORTUNITY

A 12-unit, two-parcel acquisition in Gardena — VWC stepping outside its core Orange County footprint into the South Bay. The combined parcels offered scale (two adjacent buildings, single ownership economics) at a sub-institutional price point.

THE STRATEGY

Renovate both parcels in parallel, push rents across all 12 units, sell as a packaged transaction. CapEx of \$310K covered the program. Seventeen-month hold from acquisition to disposition.

DEAL SNAPSHOT

Acquisition Price	\$3,490,000	Loan Amount	\$1,740,000
Per Unit	\$291,000 / unit	Loan-to-Cost	41%
CapEx	\$309,961	Equity Invested	\$2,498,981
Total Cost	\$4,238,981	Sale Price	\$4,592,400
Hold Period	17 months	Exit Per Unit	\$383,000 / unit

INVESTOR TAKEAWAY

Demonstrates discipline on geography — VWC will leave the home market when the deal economics warrant it, but the unit-level value-add playbook stays the same. Two-parcel deals offer a packaging premium at exit that single-parcel comparable assets don't.
