

4921 Charlene Circle

Huntington Beach, CA · 6 units · Acquired December 2020 · Sold December 2022

LEVERED RETURN 51.09%	PROFIT \$586,650
---------------------------------	----------------------------

THE OPPORTUNITY

The sister building to VWC's 4931 Charlene Circle property — literally next door, same building footprint, shared driveway. From the acquisition press release: "The two sister properties share a common driveway as well as the same building footprint and unit configuration." This is what local market presence buys you.

THE STRATEGY

VWC walked into this deal with a verbatim playbook: same neighborhood, same product, same renovation scope, same property manager. From acquisition (December 2020) to sale (December 2022) — exactly 24 months. Improvements were completed by June 2021 in time for the summer leasing season. First acquisition for VWC Multifamily Fund IV, third in the Charlene Circle micro-cluster.

INVESTOR TAKEAWAY

A 51% levered return on a deal where most of the underwriting risk had already been retired by VWC's operating experience next door. The pattern is the asset: when you operate enough Southern California coastal multifamily, sister-property acquisitions become low-risk repeats of work you've already proven. Investors paid for an information advantage, not a market guess.
