SOLD - LAKEWOOD PROPERTY

ORANGE COUNTY, CA - May 26, 2020 - VisionWise Capital ("VWC") is pleased to announce a 21% project-level return on the sale of its five-unit apartment property in Lakewood CA for \$2,035,000 (\$407,000 per unit). The asset was acquired in June 2019 and benefitted the investors of the "VWC Orange County Multifamily Fund II" portfolio of properties.

Lakewood, a suburban city of Los Angeles, demonstrates the scope of VisionWise Capital's search for carefully considered acquisitions in Orange County and its perimeter cities. The property consists of five rentable two and three-bedroom units, eight garages and an on-site laundry facility. The completed improvements enhanced the exterior and interior conditions of the property, added value to the neighborhood and commanded at or above market rental rates. The tenants at this location enjoy the convenience of restaurants, shopping, and entertainment at the Lakewood Center Mall within blocks of the property.

The Lakewood asset was not only profitable, but exemplified the "life cycle" strategy of Fund II. The property was renovated, re-rented and sold with higher market rental rates within 12 months of acquisition, while navigating the challenges imposed by COVID-19.

Consider joining other Investors in VisionWise Capital's Multifamily Funds. We provide accredited investors a way to add real estate to their investment portfolio by optimizing the performance of their stock and bond investments. With a guarantee to keep bank debt low, VWC is committed to protecting its Investor principal.
