

BUYER PROFILE

VisionWise Capital LLC

VWC is a private real estate investment firm founded in 2013 by Sanford Coggins, CEO. Since inception, VWC has acquired and improved more than 300 multifamily units, and continues to be one of the most active real estate operators in the sub-institutional Southern California market.

Sanford's unique background as a commercial real estate broker and principal of his own financial advisory firm credits him with over 25 years of real estate underwriting experience and the ability to successfully navigate financial and economic market cycles.

The VWC team is comprised of experienced real estate professionals who share the mission of being good stewards of Investor capital, and who are committed to providing modernized living conditions for tenants.

Underwriting

VWC employs in-house staff for all acquisitions activity and has a full-time construction manager with 30 years experience. We use all modes of multifamily real estate valuation, both physical and financial. As best possible, our underwriting is deliberate and reasonable for all Parties, allowing us to determine a purchase price we can stand behind.

Due Diligence and Closing

Once we have reached an agreement to purchase, we want what the seller wants - a successful close. The moment escrow is opened, it's all hands on deck with the common goal of completing due diligence and positioning funds for an on-time and hassle-free closing.

We look forward to working with you on a successful transaction!
