Spring Valley, CA · 20 units · Acquired December 2021

LEVERED RETURN	PROFIT
10.92%	\$359,923

THE OPPORTUNITY

WVC's largest single-asset acquisition to that point — a 20-unit property in Spring Valley, an unincorporated San Diego County community east of downtown. Marked the firm's strategic move into San Diego's metro multifamily market alongside the same-day 630 W. Washington Ave acquisition.

THE STRATEGY

Scale-up of the value-add playbook to a 20-unit asset. CapEx of \$297K — a modest reposition relative to deal size, consistent with assets that needed less heavy-lift than the trophy coastal repositions.

INVESTOR TAKEAWAY

Demonstrates WVC's range — \$241K/unit Spring Valley deal economics work just as cleanly as \$475K/unit Laguna Beach deal economics, because the underwriting framework is consistent regardless of submarket. Returns are lower than the coastal-OC cluster, but so is the entry basis and the operating risk. Diversification within the multifamily category, not against it.
