## THE OPPORTUNITY

An eight-unit asset in Lake Forest — south Orange County, with proximity to Irvine's job base. VWC's expansion into the OC inland corridor while the coastal cluster continued operating. Acquired in mid-2022, alongside three other deals (925 Malden, 121-131 Lincoln, and 1215 Hornblend) in a busy summer of capital deployment.

## THE STRATEGY

Standard value-add lifecycle — acquire, renovate, exit. CapEx of \$370K (13% of acquisition) was a meaningful interior reposition. The completed renovation supported a \$4.13M sale at \$517K/unit, vs. \$357K/unit acquisition basis.

## INVESTOR TAKEAWAY

A 29% levered return on a textbook execution: 50% LTV, ~13% CapEx ratio, full reposition, clean exit. Bendicron is the kind of deal that doesn't make headlines but compounds into the 23.95% portfolio average — repeatable, disciplined, and unsentimental.
